COVID-19 Funding Grant Search Results

Stimulus funding is currently set up to flow directly to states, individuals, and local businesses through direct payments. In addition to the direct payments to states authorized through the stimulus bill, many federal agencies, such as the Department of Housing and Urban Development (HUD) and the Department of Health and Human Services (HHS), are directly awarding supplemental COVID-19 funding to recipients of funding through their regular grant programs.

eCivis provides valuable tools for tracking and managing these forms of federal funding, as well as the additional federal and other funding opportunities listed in our curated inventory within Grants Network. Our research team is curating relevant funding information on a daily basis so check back often.
